PPSU Fittings

Rifeng PPSU crimp fittings are lead-free, faster to install, stronger, more durable and corrosion resistant.

Three O-Rings

Rifeng PPSU fittings incorporate a Multiple O-ring design made from

EPDM material for better sealing performance and a more reliable connection with PE-Xb piping.

Warranty

With a warranty of 25 years, and a design life of over 50 years, Rifeng PPSU offers you peace of mind and the simplicity that you want.

Product Range

Rifeng PPSU fittings have a number of jointing options available from DN16 - DN20, including: Couplings, Elbows, Equal Tees, Reducing Tees, Reducers and End Caps.

Faster Installation

The crimp profile of Rifeng PPSU fittings can be manually or automatically crimped with U/LD profile jaws at the same time, making installations faster, easier and efficient.

Use Rifeng PPSU and save time and money on your next piping project.
